

Rink Name	Location	Home Hockey Team	Open Skate Hours	Cost to Skate	Cost to Rent Skates	Pros	Cons
Southside Ice Arena	566 100th St SW, Byron Center, MI 49315	Fox Motors, Aquinas College, Byron Center High School, and Catholic Central's Hockey team	http://www.southsidearena.com/page/show/261535-public-skating	\$5.00	\$2.00	The smoothest ice out there belongs to Southside Ice Arena--plus there is two rinks going at once!	It's a long drive now that the bridge on 100th street is out.
Walker Ice and Fitness	4151 Remembrance Rd. NW Walker, MI 49534	The Hawks and Kenowa Hills High School Hockey team	http://www.walkericeandfitness.com/calendar.php	\$3.00 for students	\$3.00	It's a fairly good price for two hours on the ice.	There is only one rink, and much of the time it's busy. The only open skate on most days of the week are during the school day.
Eagle's Nest	2600 Village Drive SE Grand Rapids, MI 49506	Calvin College Hockey Team, Grand Rapids Christian Hockey team, and the Blades	http://eaglesicecenter.com/calendar	N/A	N/A	They just renovated the whole rink! It's brand-new.	Open skates are few and far between here. But, still worth visiting to see Calvin play! Make sure to layer up, though, because this place is really cold!
GeorgeTown Ice Arena	8500 48th Avenue Hudsonville, MI 49426	The Stars, Grand Valley State University's Hockey team, Jenison High School, Hudsonville High School, and Grandville Bulldogs/Calvin Christian Co-op Hockey team!	http://georgetownice.maxgalaxy.net/Schedule.aspx?ID=1	\$3.00 for students	\$3.00	Georgetown is another two-rink facility. Plus, it's home to Grandville's co-op team with Calvin Christian!	The skate rentals are not up-to-date...kind of ugly and blue. Not cool.
Rosa Parks Circle	135 Monroe Center St NW, Grand Rapids, MI 49503	No Hockey team, although once a year the Grand Rapids Griffins make an appearance there!	http://grcity.us/parks/Pages/Ice-Skating.aspx	\$3.00 adults (18+) and \$1.00 kids	No fee!	It's beautiful at any time of the day and the only outdoor rink in this list! Grand Rapids does a wonderful job with the lights and the scenery.	The rink is weather dependent. Michigan winters aren't the most predictable, and some days the ice is slush...other days it's too cold to feel your toes!
